# reflections

**Reflection is a form of self-examination. It is the act of contemplation and consideration. Through reflection we can learn something about ourselves and the people around us- reflection is a learning process.**

**It is through reflection that we are reminded of past events and the joys and obstacles of our years.**

**This yearbook is dedicated to that cause. As we reflect back on our years in high school, we can find many factors that have defined us as who we are today.**

**So, whether high school was a major highlight of your life, or just one small chapter, the most important thing is to reflect from the past, live each day to the fullest and continue to fill in the remaining chapters of our lives.**

# Lazerte Idol

The third annual LaZerte Idol was a huge success, with more than 25 different acts auditioning for a spot! Dividing the competition into a singing division and a "band" division this year added a level of fairness that wasn't available in past iterations of the event, and the addition of a stage to the Atrium made the performances that much more memorable. It seems that every year, the talent at the school gets better and better, and this year was no exception. Brianna Sampson and Emily Vaughan came out on top of the singing competition, just barely ahead of surprise sensation Mark Sinongco, while Sarah Spisak blew away the competition in the guitar and singing division. Brianna and Emily have been singing together for five years, and are both part of LaZerte's Showcase Band. They described their experience as "fantastic," and went home with a \$200 gift certificate to Londonderry Mall; however, they generously shared some of it with Mark. Sarah received a prize of \$100 towards Londonderry, plus 2 attraction passes to West Edmonton Mall. Congrats to all participants!

In October 5th, approximately 300 Physical Education 10 students participated in our third annual Turkey Trot. This event is held each year to raise awareness and money for the Terry Fox Foundation as well as to encourage fun and fitness for our grade 10 students. The students trained for 5 weeks prior to the run to prepare for the 3 km event. After the run, all participating students were rewarded with a bottle of water and many students won door prizes donated by various businesses. The student who raised the most money this year was Jessica Peters (\$245), who was rewarded with a new bike. The male and female winners went home with frozen turkeys. Congrats!

Students and Staff at ME always enjoy dressing up during Halloween. From Mummies to Barbies and Classical Icons, Voyageurs paraded around the school showing their creative costumes. In our Atrium, we had the traditional and always enjoyable Costume Contest. This year the crowd favorite was Somarly Siek, who took home the Best Costume Award. Other notables were B1 and B2 who managed to keep their identities hidden from everyone including Teachers.

In October, M.E. LaZerte dedicated a night to celebrate student success and to honor the excellence students displayed in the previous year. Many of the graduating class of 2007 returned to join us and receive awards for their successes as well. For the 2006-2007 year, 16 grade twelve students received awards for honors with distinction (over 90% average) while 89 received honors. For the grade elevens, 21 students achieved honors with distinction with another 115 achieving honors. 36 achieved honors with distinction in grade ten, and an outstanding 168 had honors. That makes a total of 445 M.E. LaZerte students achieving honors in their studies, or 22% of our student body! We are very proud of our Voyageurs! In grade 12, other recipients of impressive amounts of awards were Trevor Lashyn and Emily Laroque. In grade 11, Patrick Lo also came close to taking home the top academic award. Candy Yuen of grade 10 won numerous top subject awards as well. Congratulations to all of the students who worked hard in order to find success. We should be very proud of ourselves!

Student Union's Welcome Week in the Atrium- Smoothie Contest and Beach Volleyball

September started the school year off with a bang. LaZerte MEntors did their best to make the grade tens feel welcome into their new high school environment. SU also got everyone back into the swing of things with a smoothie contest and beach volleyball in the atrium. Though most people were still dreaming of summer a few dedicated bunch devoted their time to a great cause, the CIBC Run For the Cure. Cupcakes and cotton candy were sold to raise money for cancer research.

Teams running in LaZerte's own Amazing Race

April at LaZerte was a month full of activity! Two of LaZerte's biggest events - Taste of LaZerte and Tri 4 Cancer - made for an exciting month. Thom Elniski Day is celebrated in honor of the late teacher Mr. Elniski on April 24th, and the Tri 4 Cancer was created in his memory. The Taste of LaZerte opening ceremonies celebrated the wide range of cultures present at our school. Teams raced around the school completing tasks for the annual Amazing Race! At the Music Festival in Nelson, BC, our band and choral students got the opportunity to participate in a live video conference with other international high schools and young students in Nicaragua. Its purpose was to raise awareness and funds for a new school there, and the students successfully raised about \$600.

May was an exciting month at LaZerte with many students showing off their school pride. Congratulations to Bernice Pui for receiving a scholarship award from Remax. May was also a month when a disaster hit China; an earthquake killed thousands and left many homeless. *We* started out in Rome  
 It was like our second home  
 Then we traveled down south  
 It pleased our eyes and mouth  
 Remember when it poured?  
 Which one of you guys snored?  
 It was pretty in Capri  
 With lots of sights to see  
 At the Trevi Fountain we made wishes  
 It's too bad there were no fishes  
 At the Colosseum gladiators fought  
 It's a shame it started to rot  
 At the Vatican you could get things blessed  
 The street vendors never rest  
 We went to see the Sistine Chapel  
 One day dessert was an apple  
 We saw a million other churches  
 And where Quasimodo lurches  
 We saw Alain dance  
 And then continued onto France  
 The Eiffel Tower so sparkly and bright  
 Some of us were afraid of the height  
 Taking the metro was different and new  
 But really it was fun and easy to do

Thom Elniski Day is celebrated in honor of the late teacher Mr. Elniski on April 24th, and the Tri 4 Cancer was created in his memory.

Teams of four work together to complete the triathlon, beginning the day with swimming, then stationary biking in the atrium. There was high energy and enthusiasm from all participants. They ended the day with the four-corner run, despite the rain and cold weather, our students gave their best efforts.

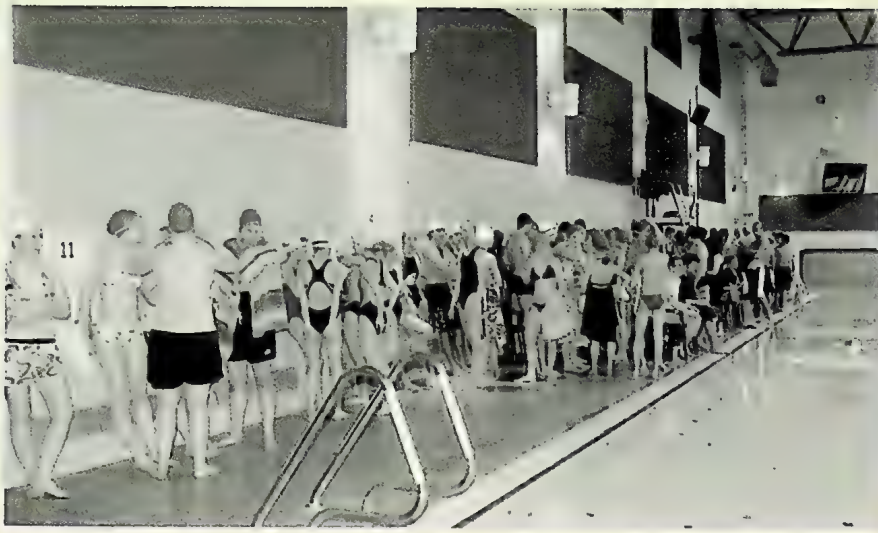

They raised a grand total of over eighteen thousand dollars, and this will be used towards the search for the cure for cancer.

This event was made possible by the Mandarin Culture Club, a group of students devoted to raising awareness of Chinese culture and language.

## Junior

The Jr. Football team had a season that saw them improve week after week as the season went on. The team started slowly as many players were new to the game of football, but as the weeks went on the team started to gel and they ended up winning three of their last four games. Many players learned a lot about football and are ready to make the jump to Sr. Football next year.

## Junior Boys

This year's Junior Boy's Volleyball team was comprised of a great group of young men with a strong collective work ethic, a true enjoyment of the game and a strong desire to succeed. Our successes this year were plentiful and varied. A great deal of our season proved to be focused on player development in anticipation for the next few years. Through hard work and determination, the team came together to develop a strong bond, full of trust and respect - two traits that we relied a great deal on in facing down our disappointments as a team. Individual volleyball skills were developed through practice and game play with some players growing immensely in skill and ability. But more importantly, we saw the development of pride and leadership amongst the members of our team, especially in some of our Grade 10s. We had a great time coaching these guys.

## Junior Girls

The Junior Women's Volleyball team had an exciting and memorable season. From the very beginning the girls wanted to be known as a team made up of athletes who consistently demonstrated strong core values. They wanted to be remembered as a team who showed teamwork, commitment, sportsmanship, responsibility and perseverance. Their determination and hard work throughout the season paid off as they advanced through the playoffs to the semi-final game, unfortunately just coming up short in the end.

The Junior Women's Volleyball team was definitely made up of a group of FUN girls who always saw the brighter side of things. Thanks for the great season girls.

## Senior Mens

As coach of the Sr. Men's Volleyball team, you could not have asked for a better group of boys. Right from day one they worked hard and gave all that they could on the court. We may not have been the tallest team, but played bigger and better than many teams with the extra inches. Everywhere we went and every game we played, the comments from the stands, coaches and referees were the same, "What an amazing team to watch.", "They dig every ball near them.", "Wow, can they jump right out of the gym!". We surprised other teams with our skills and teamwork. You know the old saying, 'Do not judge a book by its cover.' Do not judge M.E. LaZerte VGs on how we look, but the heart of the team and effort we bring to the court.

## Senior Womens

This year's Sr. Woman's Volleyball Team represented LaZerte both on and off the court with true Voyageur Spirit. On the court they were a mentally tough and determined group who improved immensely throughout the season. They played a hard fought semi-final game and just missed being part of City Final action. Off the court, they demonstrated a level of teamwork, commitment and respect second to none. Their dedication and selflessness made them a pleasure to coach and an amazing team to be a part of. Their trip to Vancouver, B.C. to participate in the Trinity Western Invitational Volleyball Tournament was just one of the many highlights of their season. All 10 players can now count conquering the world renowned 'Grouse Grind' as one of their life's accomplishments. Congratulations on a successful season!

The Junior Women's Basketball Team was a great group of girls this year. Each player gave 110% at every practice and game, which is a coach's dream. The team played in the premier division and improved tremendously throughout the season. One highlight was the tournament in Calgary in which the girls played some of the best basketball they had played all season. # Swim Team

The Covenant: Sportsmanship, Respect, Fun, Determination, Team, Punctuality

From early morning practises, to after school meets, you will find them. They are the team in the fashionable neon orange swim caps and black and orange swimsuits. Every member is smiling and laughing with the others and the atmosphere is one of joy. They are M E LaZerte's swim team.

"In the passing months, I have grown to love what this team represents and learned what it's like to be a family. We look out for each other, laugh, cry and most of all support one another. Each member of the team holds the teams' needs above their

own. Even after just a few short months, lifelong bonds and friendships have been created, with everlasting memories along with them.

With every day that passes, I look upon the faces of my fellow team member and find the truest friends a person could have. And I have come to the realization that, maybe this is the end of a season, but it is not the end of our family. We have learned to love and respect one another and that outlasts any timelines. Thank you all LaZerte swimmers. What a memorable season it was!"

# Cross Country

This season of X-country saw the return of a few runners from the previous year, but mainly consisted of newcomers to the team. Even though the team was small in numbers this year, they were extremely dedicated. Each athlete pushed themselves to excel and continued to show growth and improvement throughout the season. Along with the hard work, the team had lots of good laughs and memories. Thanks for the great season!

TOP ROW: Drew Wesolowsky, Eric Chan, Alan To, Mr. Hillaby (COACH)  
 BOTTOM ROW: Pauline Hoang, Rebecca Kong, Jennifer Kan, Angela Lieu, Katie Childs, Andrew Roper (MISSING)

# Indoor Soccer

**TOP ROW:** Mr. Candido (COACH), Richard Sheremetd, Elvis Ceman, Logan Quinn, Erica Davis, Kristy Fraser, Jessica Derewlanka, Chantel Zazulak, Elton Tse, Srdjan Kesic, Igor Besirovic, Mr. Charpentier (COACH)  
**BOTTOM ROW:** Mohammed Hani, Kamal Ali, Andrew Innas, Elizabeth Martens, Victoria Powers, Nick Vamvakakis, Ibrahim Jalloh, Yousseff Mimouni

This year was undoubtedly a rebuilding year for our Indoor Team. We had a couple of returning players and most players were in grades 10 and 11. As a rebuilding year we had a very successful season. We had so many memorable games; two games stand out the most. Our last season game against Jasper Place: we were losing by two goals with ten minutes left; we needed to at least a tie to get into playoffs. We scored once within two minutes and with three minutes left we tied the game. JP came at us these last three minutes but luck was on our side as they hit the post with 30 seconds left, subsequently they missed playoffs and we got in. We went up against the first place team and gave them a run for their money. We went the full 50 minutes and lost in a shoot-out, our team showed a lot of potential and we represented our school in true Voyageur Spirit.

# Girls Rugby

This year's women's rugby team, coached by Ms. Wagner and Terri-Lynn Pincombe, consisted of 14 rookies and 12 returning players. After working extremely hard, the girls finished the regular season undefeated with a 5-0 record. They also participated in the Pirates Sevens Tournament and the Notre Dame Classic in Red Deer. Nothing less than gold was expected as they played Scona in the championship game. Unfortunately, after a close, tough fought match, the girls came up short and took home silver medals. Regardless of the loss, the team was full of committed, hard-working, and truly amazing girls, who made 2008 a season to remember. New experiences, friendships, and great memories were made. Good luck to our graduating players: Tori, Steph, Amanda, Brittney, and Rima. We hope to see everyone else back next year when we go for gold again.

Brittney Nouwen, Amanda Britton, Anna Lawton, Alysha Hemraj, Kate Childs, Tori Anderson, Breanna Egloff, Melissa Dziwenko, Michelle Hoang, Britney Viveiros, Angela Lieu, Senobia Gova, Shelby Mackenzie, Kristine Vigneau, Sabrina Hewitt, Stephanie Haryett, Jennifer Hoang, Vikki Nguyen, Megan Eliuk, Lacey Ireland, Carly Clarke, Kaitlyn Maycock, Christine Tanzi, Rima Nasser, Kory Fecteau, Tamara Furlotte

# Boys Rugby

The men's rugby team has just finished a banner season -- the culmination of much hard work and dedication on the part of a large group of veterans, and a strong group of rookies. Highlights of our season include a gold medal finish at the Pirates 7s Rugby Tournament, a bronze at the Cougar Classic tournament in Red Deer, and a strong showing in both the Tier I City Finals and the ASAA Provincial Championship Tournament. One of our captains, Stephan Pacholok, was also awarded the Johnny Bright Award, in part for his leadership on the field, and also won the Voyager Spirit Award for Men's Rugby. Our other captain, Alan Gettle, was named this season's Most Valuable Player -- congratulations guys! This season the 'Ugs' proved that they're a force on the rugby field, and we're looking forward to doing the same next year.

# Outdoor Girls

This was a building year for the women's soccer team, with many young and eager players the girls improved tremendously over the season. These young ladies fought hard and never gave up; even after a tough season this team was still encouraging and supportive of one another. Great Job Ladies!

## Junior Boys

The Junior Boys' soccer team played a hard-fought season, losing to the eventual champions in the Semi-Final game. This season was one of immense personal and team growth. There was much adversity to be overcome in the form of 4 season-ending injuries to valuable players. However, despite this loss of manpower and leadership, the remaining players gelled together, challenged each other to improve, played out of position, and still challenged for the title. Despite our eventual loss, there was still much to be proud of, and these Voyageurs represented the school in an admirable fashion.

**ROSTER** Mark Allen, Marwan Saleh, Sefatullah Khanzadeh, Ryan McKenzie, Brandon Wedman, Mohammed Househ, Devyn Bellingroth, Heritier Mgalumulume, Adam Nashman, Jack Deol, Qais Shaheem, Srdjan Kesic GK, Ali Saleh, Abdu Baalbaki, Mahdi Mohamud, Chris Wayne

# Soccer

## Senior Boys

The Senior boys Soccer Team had a great season. The first game of the season was a bit of a struggle but then the team really began to gel. We finished first in the league by beating Eastglen 4-2. It was very disappointing not to make it to the finals but many lessons were learned that we hope that will stay with the players for years to come. Even though we lost in the semi finals there were many highlights: Zarko making unbelievable saves and keeping us in every game; Malan being a wall and letting nothing through; Srdjan making great plays through the middle; and Mathew Wong finding his place and being a tiger on defense.

ROSTER Ibrahim Jalloh, Hanad Farah, Zarko Bjelic, Elton Tse, Scott Allen, Zakaria Abdi, Foday Kanneh, Leo Moore, Mathew Wong, Jacky Chung, Francis Momolu, Mallan Roberts, Yussef Minneuni, Mohammed Hani, Srdjan Gajic

# Handball

The year started off with a strong core of veterans returning, plus some new faces eager to learn a new sport. The girls were dominant from the beginning, crushing teams like Harry Ainlay and Salisbury in round robin play. The dominance continued through out the season, with the girls finishing 2nd in the City Championships. Provincials proved tough as we fell to some injuries, but all the girls stepped up and came out with a 3rd place finish in the province! Great Season Ladies!

Back Row: Tanya Pacholok, Katie Serediak, Jaymie Bochon, Laura Pysyk, Braidy Kennedy, Heather Hornung.

Middle Row: Coach Abby Eliasson, Jodi Erhman, Jen Randolph, Tiffany Yae, Riley Lyca, Coach Lauren Lanuk.

Front Row: Jessica Derewlanka, Delacey Stonehocker.

# Badminton

The Voyageur Badminton team finished 4th in their pool this year. Although the results were not exactly what the team was anticipating, it was a great year in many other aspects. This year's focus was on developing and training a larger group of athletes. This was evident in the improvement shown in all members of the team this year. Thanks to all Badminton team members for their hard work and dedication. With continued development of our grade 10 and 11 voyageurs in the next couple years, we anticipate great achievement in the years to come.

# Golf

The golf team participated in two tournaments this year. In the first tournament all four golfers played well and shot either at or near their handicap. Carson Lau placed first for net score in his flight and Alex Knebel placed second for net score among the female golfers. Scott Pocha was the low score from our school and Nick Springchief playing in his first competitive tournament also scored well. In the second tournament at Cougar Creek we had three golfers; Scott Pocha, Nick Springchief and Daniel Jones. No one placed, but all scored well considering the conditions. Great job this year!

## Principal's Message

"Everyone and everything that shows up in our life is a reflection of something that is happening inside of us."

Alan Cohen

“Reflections is indeed an apt title for this book of high school memories that is virtually bursting with all the life, excitement and beauty that reflects who you were at a specific moment in time. As you turn the pages now and in the years to come, you have a permanent reminder of the hopes and dreams that fuelled your passion for life, and propelled you into the future you now find as your present. As I cast my mind forward to where you might be or what you might be doing as you now sit and reflect on your high school years, my head is filled with a million possible answers. The pages have recorded that you were part of a huge multi-cultural school family. You knew how to celebrate your differences; notice the prominent coloured pages honouring “Taste of LaZerte”, the celebration that brought together students, staff and parents from the school community in a huge celebration of our unique backgrounds and our unique “oneness” as we lived the LaZerte experience. Next my mind turns to the athletics, the wellness the fitness and all those messages that are reflected in the pages dedicated to your achievements in sports. You made us all so proud! I hope you remember the lessons that sports can teach you: play fair; give it your all; and, most importantly, remember that losing is really not losing if you can learn to turn your disappointments into a guide to future success. What about all those clubs you belonged to, and let’s not forget your wonderful volunteer work. Your Tri-4-Cancer comes to mind and your Christmas celebrations for the elementary children. Your teachers remember you as the generation that gave back to the community in so many ways, and I can only imagine as you reflect on those events that you are still the generation that is making the world a kinder place. Some of you traveled to some very exciting places on your field trips to Europe and to China. Those memories will stay with you for a lifetime, and in some cases have probably influenced your future adventures as world travelers or maybe you now live and work in another country. I would be remiss if I did not mention your academic endeavors. We had something for everyone here at this school. I wonder if you remember most the Humanities, the Sciences and Mathematics, the Arts and International Languages or the Career and Technology classes, and which of those multiple areas influenced your choices in life? I love the pages filled with graduation events and ceremonies. As your principal, I speak for all of the staff when I say that the graduation celebration represents the culmination of what we have dedicated our lives to and that is the success of our students. It is my hope that, as you reflect on your life, you are inspired by the memories you find on these pages, that your life will continue to reflect the passion, the talent, the excitement for living and the pure joy of what it means to be a Voyageur forever.”

"The ME's"

# Grad

The Grad Fashion Show was an opportunity to showcase the fashionable clothes modelled by our very own grade 12 students. The classy casual wear, elegant gowns and tuxes drew rousing applause from the audience.

This memorable event was made possible by the devoted efforts of the organizers, models, staff and sponsors.

# Fashion Show

Good evening fellow graduates valued friends cherished family beloved staff of M.E. LaZerte and respected guests. A blanket of emotional well-being encompasses all of us as we sit here amongst a sea of tasselled hats and certificates. The exhilaration and relief of ending three years of high school directly conflicts with the thought and reality of having to say goodbye to familiar faces, voices and surroundings.

As I stand before you, I can sense the excitement - each graduate radiates a glow of success. This night celebrates and acknowledges the efforts put forth by the graduating class of 2008. As you walk across the stage cherish each step and embrace the moment. This moment belongs to you and only you. Three years of ups, downs and being pushed to the brink of insanity have made this journey so treacherous and yet so rewarding. I would like to say never lose faith, but really, it is too hard and unrealistic to never feel down - especially after failure. Mistakes and setbacks are a normal part of life. We should remember though the words of motivational speaker and author Zig Ziglar when he said, failure is a detour, not a dead-end street. Each one of us has exemplified perseverance over these past three years, which is why so many of us are gathered here tonight.

There are those who say that high school forms the best years of your life. Well then, I must ask what happens after high school? If you have already lived through the BEST years of your life, won't the years that follow only be mediocre? Fellow graduates your high school years whatever your opinion may be mark the beginning of a new era in your life. I encourage all of you to anticipate and mould the future to your liking.

We have left a collective imprint - a legacy of accomplishments at this school and it is time for us to move on in pursuit of our dreams. We are now able to harness our expertise and qualities gained from these three years into a motivating force that brings us closer to our goals. Soon, we will be branching off into separate paths. It is bittersweet to meet such influential people and then have to say goodbye to them. But it is our passions and fields of strength that are separating us whether they are in the sciences, humanities, languages, arts, trades, or athletics. As we go our separate ways, I believe all of you will accomplish great things with your lives. Never lose sight of your dreams.

In the midst of the congratulatory remarks tonight we must remember the unconditional support and patience from our friends, family, and teachers. Thank you for your encouragement support and love. And thank you to all those friends whose words healed our wounds. Thank you to the teachers who gave us the knowledge to move forward. Without all of you we would not be at this level of excellence.

Lastly, I would like to leave all of you with a few more words. Be courageous, for courage creates hope. Be imaginative, for imagination generates masterpieces. Use your knowledge, it can save lives. All of this would not be possible without risks. Therefore I encourage everyone to be bold and take risks. Finally, take advantage of your youth, we all have the potential to inspire and excel in each of our endeavours. I wish you all the best of luck in your future encounters and on your diploma exams, as we push off through the final leg of this race. To the class of 2008, as Buzz Lightyear would say, 'To infinity... and beyond!'

Thank you and have a fabulous evening.

Of a better life  
In this world  
Divided by fear  
Weve gotta believe that  
Theres a reason were here  
Yeah theres a reason were here

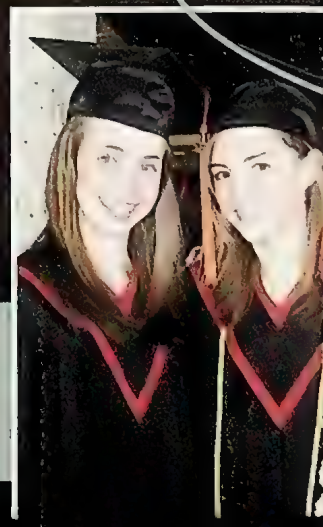

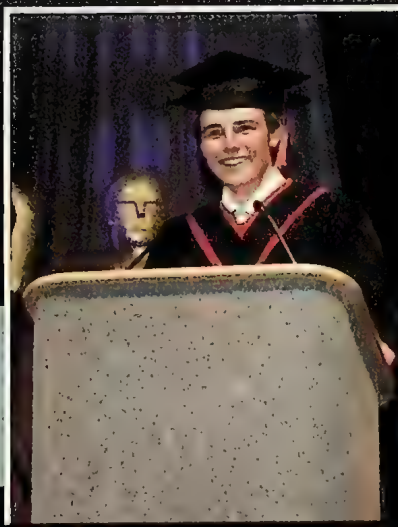

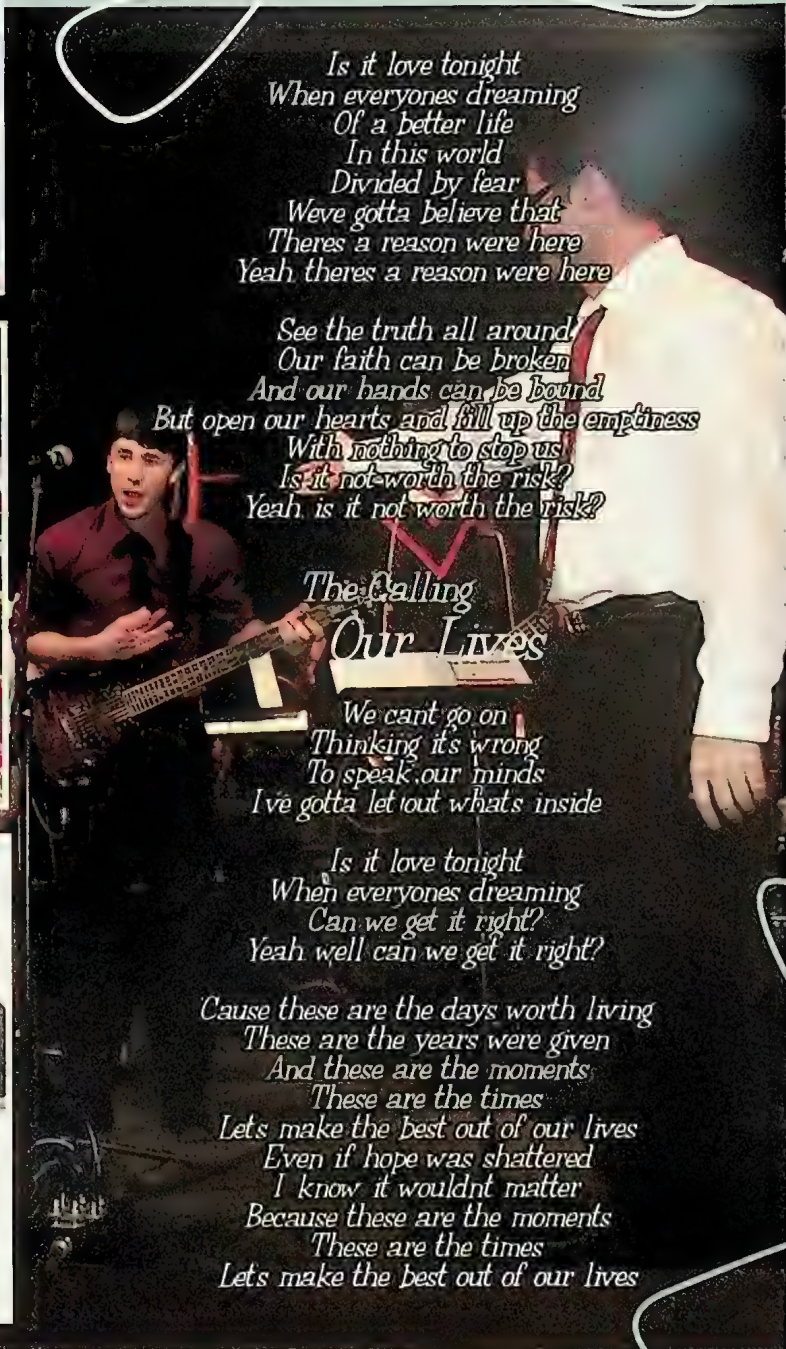

See the truth all around  
Our faith can be broken  
And our hands can be bound  
But open our hearts and fill up the emptiness  
With nothing to stop us  
Is it not worth the risk?  
Yeah. is it not worth the risk?

### The Calling Our Lives

We cant go on  
Thinking its wrong  
To speak our minds  
Ive gotta let out whats inside

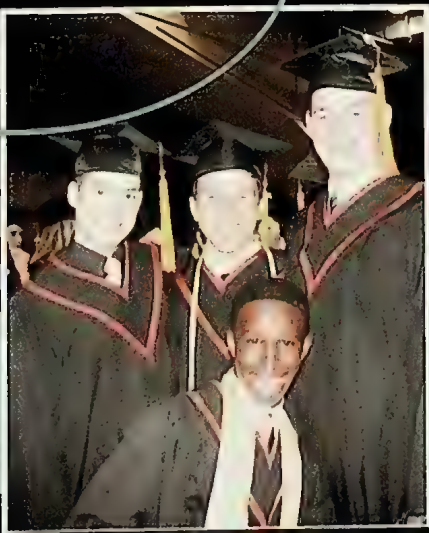

Is it love tonight  
When everyones dreaming  
Can we get it right?  
Yeah well can we get it right?

Cause these are the days worth living  
These are the years were given  
And these are the moments  
These are the times  
Lets make the best out of our lives  
Even if hope was shattered  
I know it wouldnt matter  
Because these are the moments  
These are the times  
Lets make the best out of our lives

# Grad Banquet

Shaw Conference Centre

*Congratulations Class of 2008!*

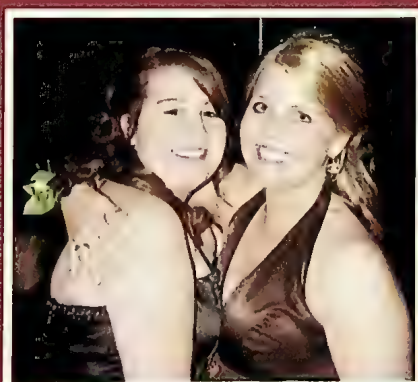

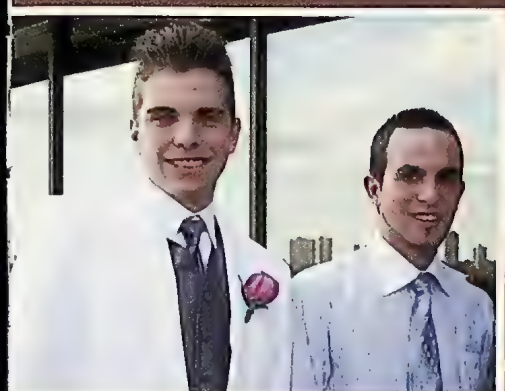

To Graduates • Year 2008  
Congratulations

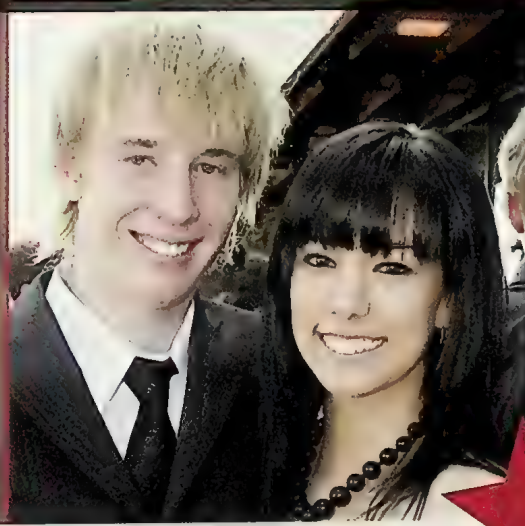

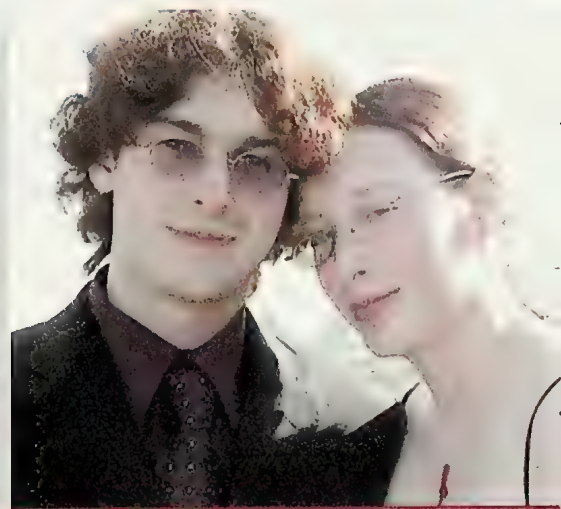

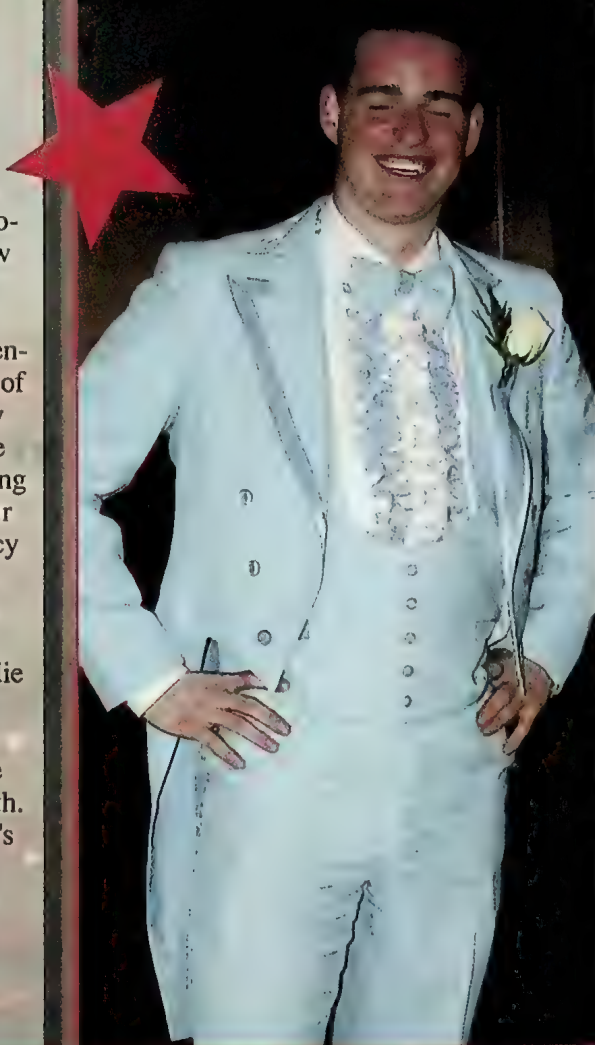

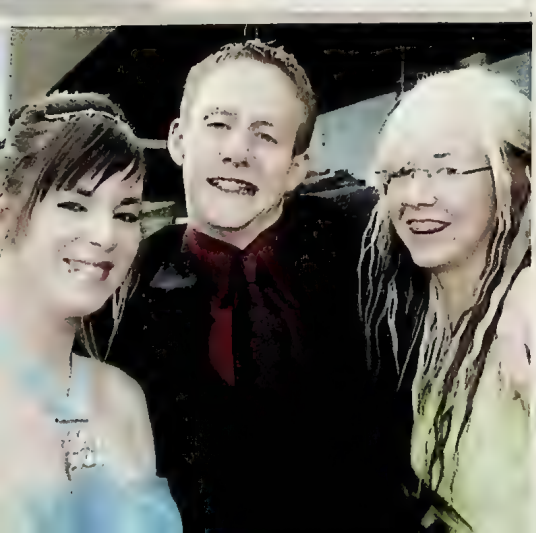

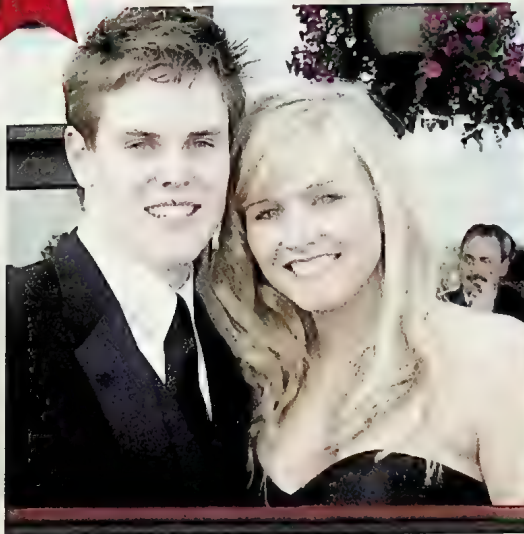

The 2008 Graduation Banquet was truly a wonderful celebration to be shared between family, friends, students and teachers. Hundreds of graduates gathered at the Legislative grounds to take some memorable photos, and then they headed to the Shaw Conference Center, where families and friends listened to encouraging speeches, watched a slideshow, and enjoyed a fantastic meal. Our Masters of Ceremony, Zarko Bjelic and Somarly Siek, cracked jokes and filled in time during technical difficulties by singing Aerosmith with hideous accents. Our class historians, Bernice Pui and Lucy Kung, relived the moments from the past three years. The beautiful toast to the parents was given by Melissa Canu and Amanda Zotek, and Brandie Odenbach gave grace. A dance followed dinner, and many stayed to dance the night away and spend time with the people they've grown up with. As we all move on with our lives, let's remember our high school journey with nothing but smiles on our faces and good memories in our hearts... Congratulations Class of 2008!

# World

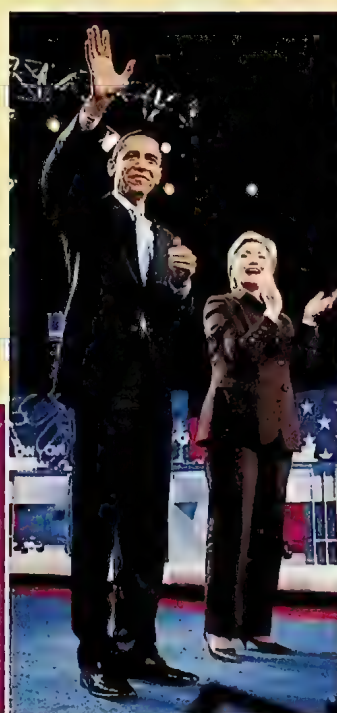

▲ **IT TAKES A WORLD.** UNICEF, the international children's agency, announced that global childhood deaths hit a record low in 2006. Though 9.7 million children died before their fifth birthday, that statistic is down from nearly 13 million in 1990. While the worst rates came from nations plagued by war and violence, some Third World nations have used simple, affordable measures to great success. The African country of Mozambique used inexpensive health tips on hydration and nutrition combined with mosquito nets that prevent malaria to drop its child mortality rate by 41 per cent. (Associated Press)

► **TURNING A CORNER?** After 10 years of continuous bad news, the Iraqis started to get better last year following the deployment of an additional 16,000 U.S. troops. Even more surprising, anti-terrorists that were discredited for their misdeeds not only stopped terrorism, but also resulted in a plunge in the number of bombings and killings. While analysts debate whether Iraqis are making the fragile new reality, particularly with the U.S. still insisting its forces should stay, the drop in violence is an opportunity to start rebuilding their shattered country. (Associated Press)

▲ **BRAVERY IN BURMA.** Dressed in vivid orange and red robes, thousands of Buddhist monks marched barefoot through the streets of Rangoon last September. They were joined by thousands of civilians, shouting "Democracy!" Burma has been ruled by a harsh military regime since 1962, which the massive street protests could not defeat. Within days, soldiers and police responded with a brutal crackdown. The government shut off all access to the outside world, including Internet service, and thus the fate of the protestors may never be known. (AP)

◀ **THE DYNAMIC DUO.** The passionate crowds of U.S. Democratic party members flocking to presidential candidates' rallies and debates know they are witnessing history in the making. At the party's convention in August, they will nominate either the first black, Barack Obama, or the first woman, Hillary Rodham Clinton to be their presidential hope on the November election ballot.

▲ **MUSEUM LOOT.** When Italy asked the Metropolitan Museum of Art in New York City to return a number of objects it claims were illegally lifted from ancient sites, it opened a huge debate in museums around the world: who really owns pieces looted in the past? The debate centered on one object in particular: the Euphronios krater, a Greek vase from the 6th century B.C., that was sold to the Met for \$1 million in 1972. Italy wanted it returned, and after 30 years of wrangling, a deal was reached. In a splashy homecoming celebration, the vase went on display in Rome in January. (Bebeto Matthews/AP)

▲ **CAMPUS HERO AMID THE HORROR.** On the morning of the Virginia Tech massacre, engineering professor and Holocaust survivor Liviu Librescu, 76, was presenting a slideshow to his class. When shots were heard in the corridor, Librescu pressed himself against the classroom door, blocking the gunman long enough for many of his students to jump to safety through second-floor windows. Librescu was killed that day by Cho Sueng-Hui, who shot 31 other students and professors and then himself in the worst school shooting in U.S. history. Librescu's students remember him as a hero.

◀ **AN OFFICER AND A PRINCE.** It was Prince Harry's grandma, Queen Elizabeth II, who told the 23-year-old army officer that he was off for a tour of duty in the dangerous southern Afghanistan. While Harry, his recognizable red hair safely obscured by a helmet, called in air strikes and went on foot patrols, dozens of media outlets kept his location a secret for 10 weeks. This protected the self-described "bullet magnet" and his fellow soldiers from Taliban attacks. But after a U.S. website broke the news, Harry was forced to return home. He was met by his dad, Prince Charles and his elder brother William, who, because he's a future king of England, will never get to see action. (REX FEATURES)

▲ **HOPING AND PRAYING.** Pictures of Madeleine McCann's chubby face, big round eyes and blond hair are plastered throughout Europe. The British toddler went missing from a Portuguese holiday resort just before her fourth birthday last May. When a huge hunt by police and volunteers combined with massive media coverage failed to turn up any clues, her parents launched a website looking for information. Weeks after Madeleine vanished, Quebec was stunned when 10-year-old Cédrika Provencher disappeared in Trois-Rivières while on a bike ride. Missing posters plastered store windows and a massive volunteer effort was organized. Though police continue to investigate, the girls are still missing. (Alexis Gran/AP)

◀ **PAKISTAN UNDER PRESSURE.** Feeling more rebels to close, Pakistan's military is on the move. While its troops and other forces are dispatched from Afghanistan next door, homegrown militant Islamists in mosques in the capital, Islamabad, preach gun battles with security forces. Meanwhile former political leaders filed in to challenge President Pervez Musharraf, a general who has seized power in a 1999 coup. The only challenger was former prime minister Benazir Bhutto, whose husband's assassination also eight years in exile was on trial when she was assassinated in late December during the national election campaign. In February, voters rejected Musharraf, but the question remains whether anyone could lead Pakistan into calmer waters.

◀ **CHINA SYNDROME.** From clothing and electronics to foodstuffs and toys, China is now the world's source for cheap imports. But in recent months, reports of contaminated products point to the downside of our growing dependence on Chinese suppliers. First there was the dog and cat food that killed family pets, next came toothpaste containing anti-freeze. And then came word that thousands of toys sold across North America were coated in lead-based paint. But China's most dangerous export could be its pollution. Can we tie our desire for cheap goods to demands for environmentally responsible factories? The planet's future may hang in the balance.

▲ **ANGEL WISH.** When Maddie Babineau, dying of bone cancer, was offered anything she wanted by the Children's Wish Foundation, the 15-year-old Hamilton, Ont., teen passed on a Disney cruise or a shopping spree and instead asked for a new school in the poor Kenyan village of Enlerai. After the foundation granted her request, Babineau started raising the \$10,000 needed to build a well near the school, so kids could attend classes rather than spending hours hauling water for their families. Maddie Babineau died last May, but her mom and brother travelled to Kenya to see the school and the completed well. Her picture hangs in the Grade 7 classroom.

▲ **THE HONOUR GUARD.** For those concerned that the public, deeply divided over Canada's combat role in Afghanistan, wouldn't support its soldiers, the tributes on a stretch of highway in Ontario proved otherwise. Each time one of our war dead returned to CFB Trenton, thousands of Canadians lined Highway 401 to pay respects to the fallen as the cortège passed by. The spontaneous nature of the vigils led the province to rename that section of Highway 401 the Highway of Heroes. (Frank Gunn/CP)

▼ **TUSSLE FOR THE TUNDRA.** As ancient Arctic ice melts faster and faster—the Northwest Passage was fully open last summer—the international fight over who will control the potentially lucrative shipping lanes and natural resources of the Far North is intensifying. As well as bulking up its military forces in the area, Russia planted a flag on the seabed below the North Pole while the United States aggressively pushed its idea that the passage is an international waterway and not, as Canada believes, a domestic route. In response, Ottawa beefed up Canuck claims, announcing plans to build up to eight new icebreakers along with a new Far North military base and a deep-water port on Baffin Island. No word yet on how the true kings of the Arctic, the polar bears, will deal with the newcomers. (Vladimir Chelchikov/AP)

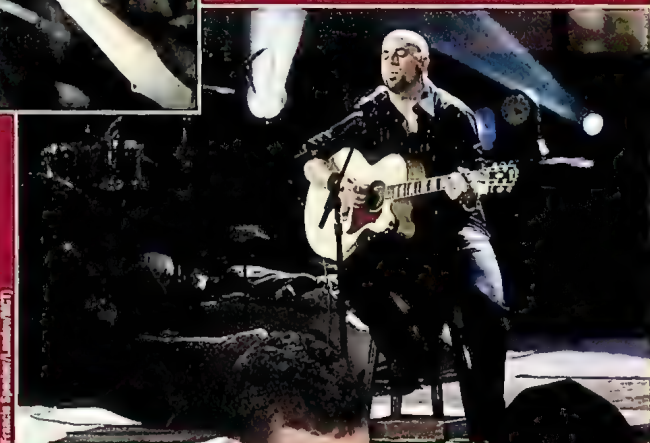

# Music

◀ ▼ **IDOLS NOT IDLE.** Former *American Idol* finalists Chris Daughtry (below) and Carrie Underwood (left) continue to ride the wave, with top-selling albums and singles. Underwood, named the No. 1 country artist for 2007 by *Billboard* magazine, was also honoured at the Grammy Awards in February, winning the best female country vocal performance award for her song *Before He Cheats*.

(Francis Spangler/MTV)

## ▶ HIT MEN.

Gifted songwriters and legendary music producers Timbaland (far right) and Nate "Danja" Hills have helped create many of the career-defining songs of such artists as Justin Timberlake (right), Nelly Furtado, Ludacris, Jay-Z and Britney Spears. Most recently Madonna turned to Timbaland, Danja and Timberlake for help on a number of tracks for her new album, *Hard Candy*. (Mark J. Terrill/AP)

▶ **AMY SINGS THE BLUES.** With her heavy, winged eyeliner and her mile-high beehive hairdo, bluesy British singer Amy Winehouse has a retro look that matches her Motown musical style. She growls and purrs and swaggers through the numbers on her hit CD *Back to Black*, for which she won five Grammy Awards.

(Gott/NFphoto.com)

▲ **THEY ROCK THE HOUSE.** With their old-time rock 'n' roll style and its hard-driving beat, raucous choruses, dopey lyrics and pure enthusiasm, the Foo Fighters have numerous hummable hits. Their sixth studio album, *Echoes, Silence, Patience & Grace* earned two Grammy Awards, for best rock album and best hard rock performance for the hit song *The Pretender*.

(Kevork Djansetian/AP)

▲ **LET'S DO A RAIN DANCE.** Rihanna, the green-eyed pop songstress from Barbados, had perhaps the catchiest hit of the year with *Umbrella*. Close your eyes and you can hear the robotic chant "ella, ella, ella, ay, ay, ay." Will weather protection ever be the same?

(Lionel Hahn-Abaca Press/MCT)

► **A MIXED YEAR FOR KANYE.** The rapper hitmaker (pictured right, with fiancée Alexis Phifer) had a bittersweet year. Releasing his third album, *Graduation*, on the same day—Sept. 11, 2007—as 50 Cent, Kanye West eclipsed his rival in sales, and scooped up four awards at the Grammys. But his trademark brash bravado took a serious blow with the death of his mom in November, bringing a new poignancy to his hit singles *Stronger* and *Hey Mama*.

(Lionel Nahn-Abaca Press/MCT)

▼ **POP MUSIC'S CROONER.** Michael Bublé has a great voice and a smooth, easy style. The 32-year-old Canadian can sing like Frank Sinatra without making it feel dated. His big-band, breezy, big-voice sound is in full form on the love song *Everything* from his *Call Me Irresponsible* CD. It's music to swoon over.

(Steve Russell/The Canadian Press/Toronto Star)

► **COUNT US IN.** Canadian indie pop darling Leslie Feist was nominated for four Grammy Awards, including best new artist and best female pop vocal, for her breakthrough single *1234*. The adorable hit was featured on a commercial for Apple's iPod Nano and soon exploded onto iTunes's Top Songs chart. Feist performed the hit song onstage at the Grammys, but alas, at the end of the night she'd been shut out of the hardware.

▼ **RADIOHEAD'S BOLD MOVE.** When Radiohead decided to self-release a new album online and let fans set their own price for it, the record industry was shocked, fans cheered and fellow artists looked on with interest at the experiment. *In Rainbows* became a hot commodity without ever passing through a retail store. Actually, the band was just boldly acknowledging a growing trend. In 2007, Apple iTunes digital media store outsold both Best Buy and Target to become the second-largest U.S. music seller, behind Wal-Mart. Legal downloads now account for 10 per cent of the music market.

Meanwhile, CD sales have slumped as a result.

(Apple Computer/NACT)

► **FERGIE RULES.** Named as a "breakthrough artist" of 2007 by *Entertainment Weekly*, Fergie (a.k.a. Stacy Ferguson) earned the honour with her first solo album, appropriately named *The Dutchess*. The CD had three No. 1 singles last year, including *Big Girls Don't Cry*, which took the No. 4 position on *Billboard's* Hot 100 year-end chart.

# Lifestyle

► **MAD ABOUT PLAID.** Remarkably, it isn't just golfers sporting this fashion trend. Plaid shorts are everywhere, often topped by layered polo shirts in vivid colours. As guys throw off their drab duds, girls, don't forget your shades. (Chris Walker/MCT)

◀ **CHOPPED AND CROPPED.** After tending their long tresses for years, some fashion-forward trendsetters have made a clean break and opted for blunt bob cuts or bangs. The shorter dos showed more attitude, especially the asymmetrical cuts worn by Rihanna (left) and Spice Girl Victoria Beckham.

(Liam Neill/Abaca Press/MCT)

► **Wii LIKE IT.** With its innovative, motion-sensitive controller, Nintendo's Wii video system dominates the market, turning couch potatoes into active participants. Priced below the competition, the Wii system flew off store shelves, outselling the Xbox in 2007 and forcing many buyers to purchase units on eBay at premium prices.

▼ **HEY, BABY DOLL.** Ballet flats can turn the sassiest 16-year-old into a sweet angel. Add empire waists, puff sleeves and ruffles, and you've nailed the hottest fashion look of the year with style and comfort.

(J.Crew/MCT)

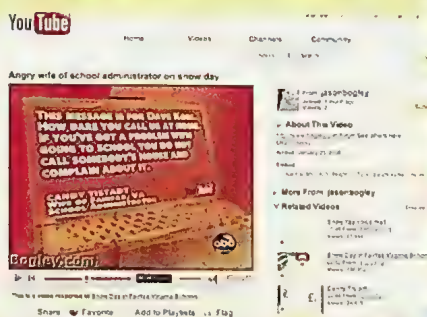

◀ **GAMERS ROCK.** The Nickelback song Rockstar says it best: "we all just wanna be big rockstars." And to help wannabes live that dream, video games such as Rock Band and Guitar Hero III: Legends of Rock let us lay down awesome tunes without actually having to learn to play an instrument. The co-operative spirit of Rock Band's multi-player mode makes it a huge hit at parties. But for hardcore gamers craving action, nothing beats Halo 3, the combat simulator that stocks an arsenal of weapons to wage complex battles amid gorgeous graphics. Pure gaming bliss. (MCT)

▲ **IN CYBERSPACE, EVERYONE CAN HEAR YOU.** When a Washington, D.C.-area student phoned a school official's home to ask why he hadn't closed schools after a recent snowfall, the response set off an online storm. Student Devraj "Dave" Kori left his name and number, so the official's wife returned the call, but she apparently wasn't pleased. "How dare you call us at home!" she snapped in her message. She also used the phrase "snotty-nosed little brats," and said "Get over it kid, and go to school." Kori taped the voice-mail reply and posted an audio link to his Facebook page. The message was also uploaded to YouTube. Within days it had drawn more than 20,000 hits: a clear case of technology biting back.

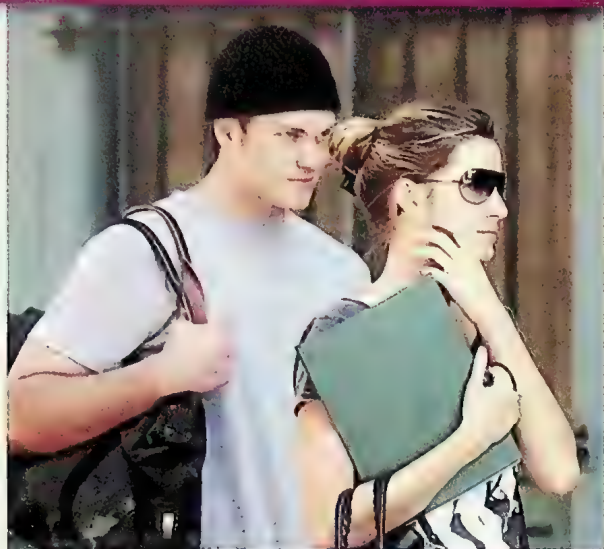

► **ALL EYES ON THE IPHONE.** This sleek gadget can surf the Net, download music wirelessly, read a digital newspaper, take snapshots, resize photos, send text messages and, oh yeah, even make phone calls. Last June, when the iPhone went on sale in the United States, long lines formed outside Apple stores despite the \$499 price tag. And when the price dropped by \$200 in September, the gizmo became the "It Gift" for holiday shoppers south of the border. No word yet on when the most talked-about cell phone in history will be available in Canada.

# Entertainment

**▲ OBS LOVE BLONDS.** The path of true love is not always smooth, especially when hunky quarterbacks hook up with tall blond beauties. First fans accused singer/celebrity Jessica Simpson of jinxing the Dallas Cowboys every time she watched quarterback/boyfriend Tony Romo play. Never mind that she wasn't in the stadium to watch Romo and the Cowboys lose their last game of the season. Then, when the undefeated New England Patriots lost the Super Bowl, "blond curse" suspicions soon focused on QB Tom Brady's Brazilian supermodel girlfriend Gisele Bündchen (above with Brady), who'd watched from a skybox. But the handsome couple shrugged off the criticism and kept dating. (Tommy Green/WireImage.com; Gisele Bündchen/Photo: [unreadable])

**► LIFE IMITATING ART.** They met on the set of *High School Musical* and their on-set chemistry has spilled over into real life. Zac Efron, 20, and Vanessa Hudgens, 19, are the cutest young couple in Hollywood. The two were on the cover of virtually every entertainment magazine as they discovered that singing and dancing on the small screen is a lot easier than dating in the full glare of the cameras. (Bob D'Amico/Disney Channel/MCT)

**► MUG SHOTS 'R US.** The trio of actress Lindsay Lohan and celebs Paris Hilton (right) and Nicole Ritchie found their hard-partying ways interrupted by visits to police stations or jail. After months in rehab, Lohan found that her promising movie career had stalled, at least temporarily. While Paris Hilton quickly returned to her role as the princess of the paparazzi after serving 22 days in jail, it was Hilton's *Simple Life* co-star Nicole Ritchie who snagged the "most improved" prize. She quietly settled down with her partner, musician Joel Madden. In January, she gave birth to a girl named Harlow, whom Hilton has already promised to spoil. (Lionel Hahn/Abaca Press/MCT)

**▲ BEING A FANBOY.** The Harry Potter series has become a cultural phenomenon, with fans of all ages flocking to book signings and movie premieres. In this photo, a young woman is seen holding a copy of the book, surrounded by other fans and photographers.

**◀ OOPS THEY DID IT AGAIN.** Shaving her head, performing a lackadaisical dance on MTV, losing custody of her two young sons, checking into a psychiatric ward by ambulance—it seemed that every second of singer Britney Spears' life was recorded by the media. Then in December, attention swivelled to her squeaky-clean sister, 16-year-old Jamie Lynn (far left), the star of the immensely popular *Zoey 101*, who announced she was pregnant. Needless to say, their mother's book of parenting advice has been put on hold indefinitely. (©Most Wanted Pictures (2006) All rights reserved.)

**▲ CAUGHT IN THE WEB.** Celebrities and ordinary people learned the power of the Internet as gossip sites such as *PerezHilton.com* and *TMZ.com* instantly spread "news" and videos around the world with the click of a button. Secrets, rumours, snarky rants—nothing was too trivial. It was all useless information that we find strangely compelling. But *YouTube.com* was still the go-to site for the best of what's cool on this planet, as viewers trolled through everything from mash-up videos to university lectures and even police pleas to locate wanted criminals.

◀ **PICKETS STOP PLOTS.**  
 When the Writers Guild of America went out on strike on Nov. 5, few thought the dispute, centred over payments for Internet viewings, would last. As TV shows ran out of new episodes and talk show hosts were forced to ad lib, strange phenomena were reported: networks observed skyrocketing ratings for

political debates while some parents discovered their kids' school marks were improving. But all those oddities were forgotten once a deal was reached in February and people realized the Oscars would go on as planned. (GottfNFphoto.com)

▶ **HANNAH MONTANA RIDES THE WAVE.**  
 The tour name "Best of Both Worlds" fits the life of actress/singer Miley Cyrus to perfection. The 15-year-old actress stars in *Hannah Montana* playing a girl living a dual role: ordinary student Miley Stewart by day and pop star Hannah Montana at night. When not filming the series, Cyrus herself has been on a sold-out concert tour throughout North America. Oh, and a 3-D movie of her concert took in \$31 million on its first weekend.

(Bob D'Amico/Disney Channel)

◀ **LOST IN RIDDLES.**  
 When *Lost* first aired, the show was a mystery. Why can't the cast members find the plane? Why can't they find the plane? The show is a puzzle, and the puzzle is the mystery of the plane. The show is a puzzle, and the puzzle is the mystery of the plane. The show is a puzzle, and the puzzle is the mystery of the plane.

# Television

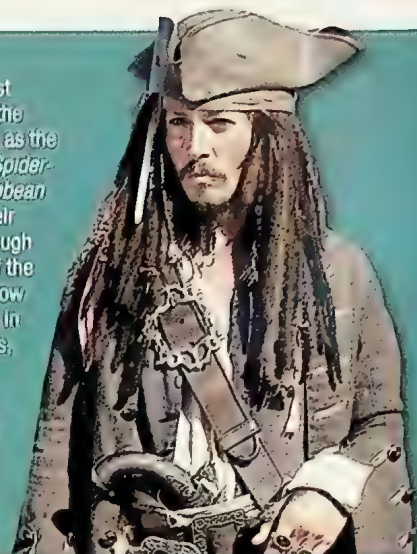

▶ **THEY'RE SOARING.** Over the holiday season, *The Secret Millionaire* topped the TV charts with its first and last season. The original cast, including Andy Lee, and several of the winners, returned with new songs and dance performances. *A.S.M.* 2 became the highest rated basic cable broadcast in TV history. Now the focus is turning to the final installment of *A.S.M.*, the fourth season.

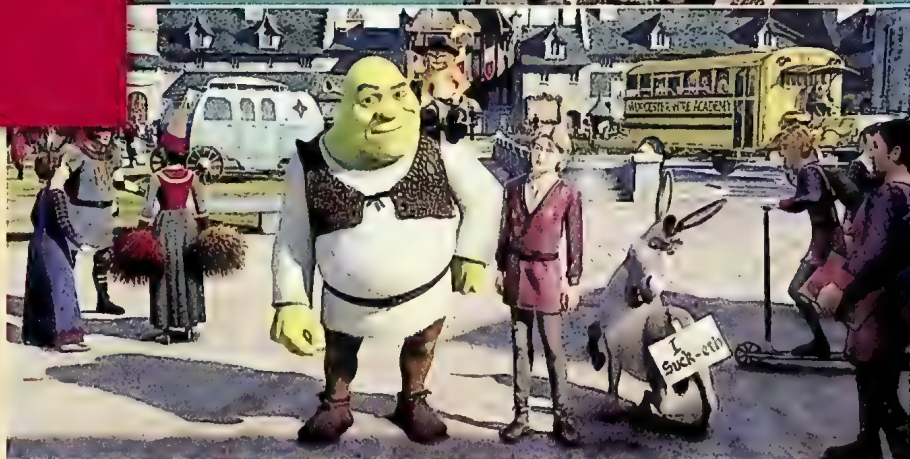

◀▶▶ **TRIPLE PLAY.** Last summer was the season of the action-adventure three-peat as the third installments of *Shrek*, *Spider-Man* and *Pirates of the Caribbean* kept fans enthralled with their dazzling special effects. Though the three weren't darlings of the critics, fans flocked to see how Jack Sparrow (Johnny Depp in *Pirates*) defeated Davy Jones, how Peter Parker (*Spider-Man*'s Tobey Maguire) dealt with the dark side, and how Shrek (Mike Myers) found a new king and fathered, wait for it, triplets

# Movies

▼ **THE OSCAR SLAYER.** Before *No Country for Old Men* hit the big screen and got the Best Picture Oscar, sexy Spaniard Javier Bardem was known more for his relationship with Penélope Cruz, than his acting skills. But his portrayal of a ruthless hit man with a caveman haircut got him kudos from the critics and earned him a fancy gold statue for Best Supporting Actor.

(X17/CP)

▶ **SEXY, STRONG AND SUCCESSFUL.** Jason Bourne is a hero for modern times—conflicted yet deadly, kind yet ruthless, and efficient yet romantic. In his third film incarnation, *The Bourne Ultimatum*, actor Matt Damon proved that allowing viewers a peak inside Bourne's humanity didn't destroy him as an action figure and box-office gold. For Damon, the huge summer flick was the start of a few good months as his beloved Boston Red Sox captured the World Series while he energetically promoted his Third World charities. The happily-married-with-children star even landed *People* magazine's Sexiest Man Alive award.

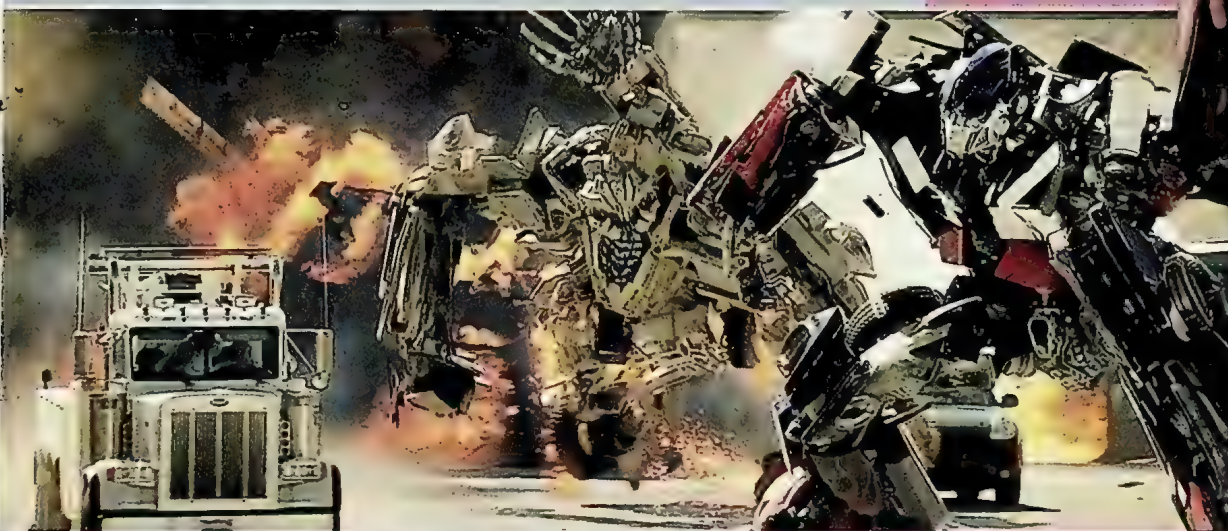

▲ **STIRRING THE POT.** Pixar, the makers of *Toy Story* and *The Incredibles*, wowed critics and fans with another computer-animated masterpiece. *Ratatouille* focused on a French rat who abandons his garbage traditions for gastronomic fame in a Paris restaurant kitchen. What follows is culinary bliss mixed with cinematic bravado tossed liberally with humour.

▲ **THE HEROES OF HARRY POTTER.** For the actors at the heart of the Harry Potter series, the fifth movie, *The Order of the Phoenix*, was the film when they became full-blown teen pin ups. Producers have been shooting the series as fast as possible to keep a now-muscular Daniel Radcliffe (Harry, far left) and his fellow thespians close to their characters' ages, so stay tuned: film six is set for a November release.

► **A STAR IS BORN.** Before *Juno*, most moviegoers only had a vague recollection that Ellen Page had played Kitty Pryde in the third *X-Men* film. But after *Juno*, a small witty independent film about a teen dealing with pregnancy, adoption and high school, everyone knew the 21-year-old Canadian actress. It seemed that she was on every magazine cover while directors scrambled to cast her in their movies. And through it all the petite actress dressed like the girl next door, smiled politely for the cameras and looked as though she wasn't letting the fuss get to her. —*Entertainment Weekly*

▲ **HEROIC HUNKS OF METAL.** The *Transformers* plot might have left all but the most stalwart fans bewildered, but the fight sequences between the two races of alien robots, the good Autobots and the villainous Decepticons, were the special-effects highlight of last summer. No wonder a sequel is planned for 2009.

#### ◀ SPACE RACE.

British tycoon Richard Branson already owns an airline, a mobile phone company and a music store chain, but his latest venture is truly out of this world. Virgin Galactic is the planet's first commercial space tourism company. In January, Branson unveiled a model of the spaceship that could take paying passengers into space as soon as next year. More than 200 tickets have already been sold at \$200,000 each for a two-hour flight.

▲ **FORECAST: CHANGEABLE.** From raging wildfires in tinder-dry California and Greece, to heavy rains that submerged parts of Bangladesh, England, India and the U.S. Midwest, weird weather stalks the planet. Predicting Mother Nature's path has never been easy, but many scientists suspect that as global temperatures increase, more destructive weather is headed our way.

#### ◀ THE ENVIRONMENT TAKES

**CENTRE STAGE.** Former U.S. vice president Al Gore (far left) made headlines throughout 2007 as he alerted the world to global warming. First his documentary *An Inconvenient Truth* won an Oscar. Then he promoted the Live Earth concerts that drew 27 million viewers around the world. And last fall he was summoned to Sweden to receive a Nobel Peace Prize. All of Gore's work may have finally convinced

the rest of us that the environment needs our full attention. It's time businesses and governments began looking for green solutions. (Heiko Jange/Scamplus/CP)

#### ◀ WATER WORRIES.

They're bright and colourful and seen everywhere from campsites to campuses, to downtown offices. But are polycarbonate Nalgene water bottles safe? The plastic bottles contain bisphenol A, which has been linked to illnesses connected with hormone disruption. The chemical is now under review by Health Canada, and south of the border, by the U.S. National Institutes of Health. But in the meantime, several retailers have pulled the bottles from their shelves. (Bill Hogan/Chicago Tribune/MCT)

◀ **HELPING HAND.** In an emergency the CPRGlove could save lives. Using sensors and an LCD screen, this neoprene device guides you through the steps of cardio-pulmonary resuscitation (CPR), monitoring how hard and fast you're pumping and providing feedback to improve your technique. Made by two students at McMaster University, in Hamilton, Ont., the gadget was named one of *Popular Science* magazine's Top 10 inventions of 2007. (Corey Centin)

► **SIZZLING SKATES.** Wayne Gretzky was so impressed when he tested Thermablades, that he invested in the company. The battery-powered hockey skate blades contain microprocessors to maintain a temperature of 5°C. The warm blade creates a tiny layer of water on the ice that inventor Tory Weber says will reduce friction and help skaters move faster. It will "revolutionize the game of hockey," the Great One claims. Of course, that's assuming players are willing to pay \$399 for the heated blades, skates not included. (Frank Gunn/CP)
